BATTERY

This clock operates on three "AA" batteries (not included). Remove the Battery Door (F) and insert three new "AA" batteries in the direction of the polarity symbols. Please make sure the batteries are new and inserted correctly.

If the clock does not operate, or steadily loses time, or if the alarm sounds weak, the battery is low and should be replaced.

SETTING THE TIME

To set the time, turn the knob (E) in the direction of the arrow to set the hour and minute hands to the desired time.

SETTING THE ALARM TIME

To set the alarm time, turn knob (D) in the direction of the arrow until the alarm is set to the desired time. Then turn the Alarm ON/OFF switch (C) to the ON position. The alarm will sound at the preset time.

SNOOZE

The alarm can be stopped and repeated again five (5) minutes later when the snooze button (A) is depressed. This snooze function can be repeated multiple times. To stop the Alarm/Snooze, turn the Alarm On/Off switch (C) to the OFF position.

BLUE LIGHTED DIAL

The dial can be illuminated at any time by pressing the Snooze / Light button (A).

AUTO SENSOR GREEN LIGHTED DIAL

The dial can be illuminated automatically in a dark environment. The brightness of the backlight can be adjusted by turning the backlight dimmer control knob (B) located at the back of the clock.
