

LA CROSSE CLOCK CO.

12" Indoor | Outdoor Wall Clock

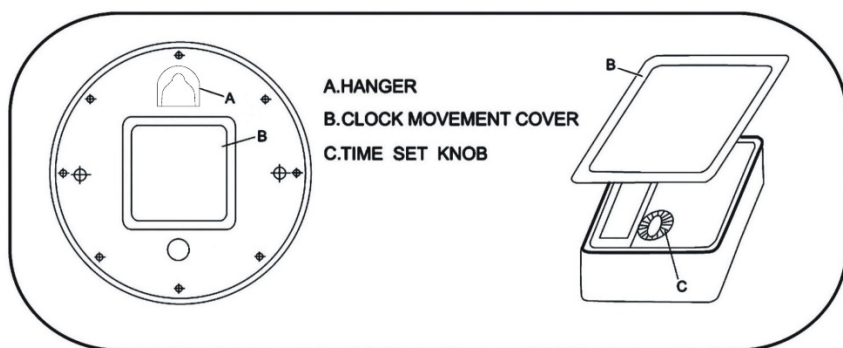

Model: 404-3012TX

DC: 022417

www.lacrossetechnology.com/404-3012TX

Get Started

1. Remove battery cover (B) to access clock movement and battery compartment.
2. Insert 1 AA battery into the movement in the center of the clock.
3. Spin the time set wheel (C) to set the time.

Position Clock

Indoor: Mount the clock on a wall with the hanger (A) on the back of the clock.

Outdoor: Choose a location with an overhang to protect the clock from the overhead sun or standing snow or rain. A shaded location will prevent inaccurate temperature readings. Mount the clock on a wall with the hanging hole on the back of the clock. Be sure the battery cover is on snug.

Temperature

The La Crosse Clock Co. wall clock has an analog sensor that measures surrounding temperature. The temperature information is displayed in degrees Fahrenheit. The thermometer is self adjusting and does not require a battery to operate.

Specifications

Battery Requirements: 1 AA (IEC LR6) required in movement
(Alkaline recommended)

Battery Life: 1 battery; over 12 months

Thermometer Variances: +/- 2°F
