

SOLAR HYBRID ANALOG WALL CLOCK

Model: 65905

Thank you for purchasing the Solar Analog wall clock. This clock is characterized by its high quality, energy saving and environment-friendly feature. In order to make the most of your clock, please read these instructions thoroughly before you use it.

POWER SUPPLY

There are two ways for power supply; battery and solar energy. In daytime the clock is powered by solar energy under normal lighting conditions. At night time the clock will be powered by the battery.

INSTALL BATTERY

The clock uses one "AA" Alkaline battery. To install or replace the battery, please follow these steps:

1. Remove the battery cover.
2. Insert the battery in the compartment using the correct polarity as indicated.

SETTING TIME

- After powered on, the second hand will start to move at once.
- Adjust the time set now to the desired time.

SAFETY INSTRUCTIONS

Do not expose the clock to strong temperature variation, humidity, direct sunlight or dust.
Keep the device out of reach of small children.

Please help in preservation of the environment and return used batteries to an authorized depot

Remove the battery from the clock if you do not intend to use for an extended period of time.
